#### **EXTERNAL INSTRUCTIONS**

# 11 U.S.C. §§ 109, 521

## 1. New Filing Requirement:

An individual may not be a debtor unless they receive consumer credit counseling within 180 days before filing from an approved credit counseling service (this applies in all chapters – 7,11, 12, 13). If filing jointly, both debtors must satisfy this requirement.

These courses are offered by non-profit agencies that are approved by the UST. A list of approved agencies will be posted at each court's individual website. (See RI List attached).

There are 2 possible exceptions to this requirement:

- (1) when the UST declares suitable services are not available in a district, or
- (2) when a debtor requests a waiver due to exceptional circumstances. The only specific circumstances allowed are the incapacity or disability of the debtor, or if the debtor is on active military duty in a combat zone.

In addition, a debtor may file a Certificate of Exigent Circumstances stating that he or she attempted, but was unable to obtain credit counseling within five days from making the request. All Certificates are subject to review for acceptability and further action taken as appropriate. If Certificate is deemed acceptable, the Debtor will be given a 30 day extension of time to obtain the required credit counseling. Thereafter, the court can grant, for cause, an additional 15 day extension of time. The following information must be included in any Certificate of Exigent Circumstance:

- Explanation of the special exigent circumstance that prevented the filer from obtaining required credit counseling
- Date(s) credit counseling was attempted
- Reason(s) it was unsuccessful
- "I hereby affirm or attest that the above information is true to the best of my knowledge and belief"
- Signed by the Debtor.

#### 2. New and Amended Forms to Implement Requirement:

The United States Trustee Program is developing a form certificate for credit counseling agencies to issue debtors, which will then be filed with the court. This form is still under development by the UST. This certificate should be filed by the debtor with the other official forms and schedules at case filing.

In addition to the certificate, there is a checkbox on the Voluntary Petition Form 1, Page 2, where the debtor indicates if they have received the required credit counseling or if they are seeking a waiver of the requirement.

There are two types of waiver conditions listed in §109(h)(3) and (4). If the waiver request is based on exigent circumstances such as inability to obtain the counseling within 5 days of making the request, it is really an extension of time request as opposed to a complete waiver of the credit counseling requirement. If the waiver request is based on subsection (h)(4) of §109, it is a true waiver request based on incapacity, disability or active military duty in a military combat zone.

## 3. Amended Federal Rules to Implement Requirement:

FRBP 1007

## 4. Amended Local Rule to Implement Requirement:

**LBR 1007-1** - Credit Counseling Certificate will be due within two business days unless the debtor has checked the waiver box on the Petition (Official Form 1, page 2) and has attached the certification of waiver.

### 5. Amended and New Clerk's Office Forms to Implement Requirement:

- (2) If the certificate is not filed with the petition, a 2 Business Day Missing Documents notice will be issued identifying the missing document. Failure to file the certificate within 2 business days will result in the case being automatically dismissed without further notice.
- (3) If the debtor selects the 2<sup>nd</sup> box of Form 1, they must also file **either** a **Motion for Exemption from Credit Counseling** or a **Certificate of Exigent Circumstances**. If they do not file either of these documents with the petition, a 2 Business Day Missing Documents Notice will issue noting this deficiency. Failure to file either of these documents within 2 business days will result in the case being automatically dismissed without further notice.
- (4) A subsection (h)(3) claim is based on exigent circumstances and in this situation, the debtor must file a **Certificate of Exigent Circumstances**. If this certificate is filed with the petition, it will give the debtors a 30 day extension of time for the credit counseling certificate.
- (5) A subsection (h)(4) claim is based on incapacity, disability or active military duty in a military combat zone, and if situation applies, the debtor must also file a **Motion for Exemption from Credit Counseling**. The document will receive the standard 13 day objection period before determination. If no such motion or similar styled request is filed, the clerk will issue the 2 Business Day Missing Document Notice.

## 8. Procedure for Filings Made Electronically

- (1) Debtor's attorney should determine if the debtor has satisfied the credit counseling requirement prior to filing the petition, or if one of the subsection (h) exceptions apply.
- (2) Once the credit counseling certificate is obtained, the proper checkbox should be completed on the Voluntary Petition Form 1. The certificate document should be able to be attached within the petition, software for the case as an additional document filing. If it is, the entire petition schedules, statements, certificate, etc., can be saved as one pdf file and attached in the Case Opening event of CM/ECF.
- (3) If you use CaseUpload, there should be a new field in the event to attach the Credit Counseling Certificate.
- (4) If the debtor checked the 2<sup>nd</sup> box on the Vol Petition, determine whether the debtor should file either a Motion for Exemption or a Certificate of Exigent Circumstances. Once the correct document is prepared, file the document using the correct event in CM/ECF.

# 9. Related Document Filings

Although this is not a requirement, in some instances the debtor may file a Debt Repayment Plan with the Certificate of Credit Counseling. Another new event, Debt Repayment Plan (under Other), is available for this type of filing. No deadline or action is taken once filed.
